

Care for Children Course

Primary Care and Secondary Care

This course teaches participants how to provide emergency care for injured or ill children (one to eight) and infants less than a year old. Participants learn how treating a child differs from an Adult, including:

- CPR/ AED for children
- the types of emergencies children face
- the emotional aspects of treating children
- First Aid for children
- prevention of common injuries and illnesses of children

The Care for Children Course content is based on guidelines from the Pediatric Working Group of ILCOR.

Individual Price: \$95.00

Group rates vary
