

# Emergency First Response Instructor

## Become an Instructor!

The Instructor course provides you with the additional training necessary to teach the Emergency First Response Primary Care (CPR), Secondary Care (First Aid), Care for Children, CPR & AED courses. (Most region-specific workplace courses require additional training.) Through a multi-media approach of independent study, classroom sessions and practical teaching assignments, you learn to conduct Emergency First Response courses.

You will also learn:

- how to motivate students
- evaluate student knowledge
- present course content effectively
- become proficient in developing students' hands-on skills practice sessions
- how to present an effective scenario-based learning experience
- information helpful in marketing your EFR business.

### Prerequisites:

To enter the Emergency First Response Instructor course, you must be 18 years old and have completed CPR and first aid training in the past 24 months or be a practicing medical professional such as a physician, Emergency Medical Technician, Paramedic or Registered Nurse.

Individual Price: \$525.00 includes books      Group rates vary
